INTEGRITY | EFFICIENCY | RESULTS

A Letter from the CEO

Dear Potential Client!

I set out to create a company that would provide home care providers the assistance needed to appropriately prepare for Medicare/Medicaid accreditation and certification with peace of mind, integrity, efficiency, and results. Having been a professional nurse and compliance officer for over 15 years, I knew firsthand how complex and stressful the accreditation/certification process can be for most healthcare organizations. I developed a unique way to help these organizations confidently prepare for this process. Each collaboration was more successful than the first. The knowledge, education and experiences shared with these teams from various organizations was the catalyst needed to launch AHCP. My dedication and commitment are to provide the best accreditation preparation services to teams and organizations like yours! Thank you for collaborating with me.

Sincerely,

Antranette Williamson, MHA, BS, CO
